

Tennis Singles Ladder Rules

- 1. Each player brings a new can of balls. The winner receives the new can and the loser gets the used ones.**
2. It is the player's responsibility to set up the games, and complete as many matches as possible in the box in the time frame indicated in the email sent at the beginning of each session.
3. Keep warm-up to 5 minutes, so match can be completed in one hour. The official time is measured by the Civic Dome clock.
4. All matches are to be played first to win 8 games. If a player stops the match due to injury or other reason before the end of the scheduled match time, that player loses the match. Example: John leads Steve 6-5, but gets injured during the match. The match has to be stopped before the court time ends. The score should be recorded 8-6 for Steve.
5. If players run out of time to complete the match (not due to injury) please enter the final score, example 5-4, 40-15, the score should be recorded 5-4.
6. **At the end of each session the top two players in each box will move up, bottom two will move down.**
7. Players are responsible for booking their own court, paying the fees and recording the scores.
